What You Should Know When Using CareCredit

For “No Interest if paid in full” promotions, you will have to pay interest that accrues at **26.99%** from the date of purchase if you do not pay the full amount within the promotional period.

Your account should only be charged for services that have been completed or that will be provided within 30 days of the initial charge on your account. CareCredit’s agreement with your provider prohibits charges for products or services that are not delivered or completed within 30 days of the charge, unless the charges are for custom products or orthodontic services.

Right to Refund.[†] CareCredit knows that healthcare procedures can be a significant investment. CareCredit provides you with the right to a refund to your CareCredit account for any dental or audiology transaction amount greater than \$1,000 if the transaction occurred within three days of the date your provider submitted the application. Note that exercising this right does not preclude your provider from directly attempting to collect payment from you for services rendered.

[†] Applicable only if you applied for your CareCredit credit card account through a dental or audiology provider; does not apply to applications submitted directly to CareCredit via the telephone or online.
